Arizona Revised Statute § 12-821.01, provides certain requirements with regard to presenting claims and filing lawsuits against public entities and public employees. The statute requires, in part, that a claim against a public entity or public employee:

- be filed ***with the appropriate party within 180 days after the cause of action accrues***,
- contain sufficient facts to permit the public entity or public employee to understand the basis upon which liability is claimed and,
- contain a specific dollar amount for which the claim can be settled and the facts supporting that amount.

Failure to comply with the requirements of the statute will result in your claim being rejected. Filing a valid claim is your sole responsibility. If your claim is contractual in nature, refer to the guidelines set forth in A.R.S. § 11-622.

Once we receive your completed claim form, your claim will be investigated. In addition to the required information, please provide copies of any documents that would support your claim (i.e. estimates, bills, police report, etc.). Maricopa County will determine liability and either pay or deny your claim. If Maricopa County does not respond to your Notice of Claim within 60 days you may consider the claim denied.

Please be aware that you are legally responsible for taking steps to minimize any loss sustained and to protect property from further damage. It is important that all information requested on the claim form be provided so that a prompt and fair evaluation can be made of your claim.

In order to file a lawsuit against a public entity or employee, under state law, it is required that a proper claim first be filed. A claim will be barred by the statute of limitations if a lawsuit is not filed within **one year** after the cause of action accrues. (A.R.S. § 12-821) Failure to file a proper and timely claim or lawsuit will result in the dismissal of your action.
